SOVIET EXTRA GIFTS TO INDONESIAN ARMED SERVICES

Shortly after the Indonesian Military Mission to Moscow returned to Indonesia, a cable was received from the Indonesian Embassy in Moscow stating that the Soviet Union was making special gifts to each of the Indonesian Armed Services in addition to the material to be purchased under Soviet credits negotiated as a result of the Moscow mission. The gifts are:

- a. For the Army, one battalion to be completely equipped by the Soviets at no cost.
- b. For the Navy, 10 small auxiliary craft of unspecified type and size.
- c. For the Air Force, one helicopter to be presented to Air Marshall SURYADARMA for his personal use.
